

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

Address:NO. 3, Yanhe Road, Boshan, Zibo, Shandong, China
Email:wp@cnjingganrefractory.com/sdwenping@163.com
Contact:Rose Tel/Wechat:+86-13275332819
Tel:86-533-4188518 Fax:86-533-4188518

Zirconia Slide Plate For Continuous Casting

1,Production process of products:

High purity zirconia sand and partially stabilized zirconia sand are used as main raw materials,Pure zirconia slide plate was prepared by isostatic pressing and high temperature sintering.the product has good finish,good smoothness,low porosity, high temperature resistance, wear resistance, erosion resistance.

2,Index of Zirconia Slide Plate For Continuous Casting:

Item	Zirconia slide plate
ZrO2 %	94.8 ±0.2
Bulk density g/cm3	5.3
Cold crushing strength Mpa	≥150
Refractoriness °C	>1850

3,Characteristics of Zirconia Slide Plate For Continuous Casting:

The slide plate produced by stabilized zirconia material replaces the original aluminium-carbon slider, improves smoothness, enhances wear resistance and prolongs service life.The color of slide plate is purple-red and beautiful.It is packed with waterproof film, which is convenient for transportation.

4,Applications of Zirconia Slide Plate For Continuous Casting:

Calcium treatment in molten steel is a process for refining molten steel,use skateboards of other materials,In the process of casting calcium to treat molten steel, the damage rate is very high.The chemical properties of zirconia slide plate are very

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

stable at high temperature,It is an ideal material for casting calcium-treated steel slides because of its high melting point in contact with oxidized and calcium.Zirconia slider is used at tapping port of converter, and its service life is more than 10 times.

5.Good feedback of product use effect,the products have been exported to South Korea,Australia,the United States

6.We are a professional supplier, who can provide customers with free product technology, use and other issues.

Do you want to find a professional supplier of refractory products?

Do you want to find a professional supplier of graphite electrodes?

Do you want to find a stable and credible supplier?

Then let's contact with jinggan company
